No, Rookies will not keep score; we have never kept score in the rookies division in the Spring. Seeding for the end of season tournament will be a blind draw.

Answer:

Rookies teams can bring only 5 players: the children of 1 the manager; 2 three assistant coaches; and 3 a sponsor. The rest are randomly assigned.

QUESTION: WHAT EQUIPMENT DO WE NEED FOR THE SEASON?

The League will provide the entire uniform, including hat, pants, shirt, socks and belt. You will need a glove, helmet, cleats, and athletic supporter/cup. Usually there are plenty of bats, so you don't need to buy one.

QUESTION: CAN I REQUEST A TEAM?

Answer:

BUBBA AND TBALL: The manager can bring the entire team with him provided he provides the League a list of players before 02/10/2010.

ROOKIES: In the Rookies Division in the Spring Season, you cannot request an entire team. You are allowed 5 players so the team is not stacked and teams are evenly distributed. We are allowing the following 5 players to stay together:

1. The Manager's Child;
2. Three assistant coaches' children of your choice; and
3. A sponsor's child.

The remaining 8 or 9 kids are going to be randomly assigned by the Player Agent.

MINORS AND MAJORS:

In the upper divisions, there is no freezing of any players (other than manager's child, NOT EVEN ASSISTANT COACHES). This is a little league international rule.

Question: WHAT IS THE PRACTICE SCHEDULE?

Answer:

The practice schedule will be dependent on the Manager of the team; players are not placed on a team until mid-Feb. Practices start end Feb to beginning of March. The managers choose a practice schedule, and how many days they choose to practice; usually once a week for the younger divisions, and twice a week for the older ones. Games begin end of March and will be on Saturdays and one other day during the week (Tues, Wed. or Thurs); usually a coach will not

practice once games begin in the lower divisions, but may choose so in the upper divisions. You will hear from your manager by the end of Feb.
